

# Eastern Coin On Hand for Mogul Mine

In direct confirmation of the good times predicted when Taft would be elected comes the announcement of a deal in connection with the Mogul Mining company at Ray.

J. V. Priest, the general manager of the company, was in this city yesterday and received telegraphic dispatches from New York stating that a number of prominent financiers there would advance \$165,000 and in return would take treasury stock of the company. The stock will be placed in escrow and the first payment, which is about one-third of the amount, will be made at once.

Mr. Priest will leave Tuesday morning for New York, where he will sign the necessary papers to complete the deal. In speaking of the new developments of the property, he said:

"Up to the present time we have only had ore on the upper levels, but Friday we encountered on the 300-foot level what is believed to be the continuation of the ledge. This ledge

when found was only several inches wide, but after drifting on it the width has increased to nearly twenty inches.

"On the 500 level a change in the formation is apparent. On the two lower levels we are doing considerable work and before long expect to encounter the ledge.

"Immediately on my return from New York all the latest machinery will be installed and everything done to expedite the extracting of the ores. Development work will also be done on a much larger scale. After air compressors are installed a number of machine drills will be used. In all probability a mill with all the latest devices will be erected at the mine and this will allow us to make a handsome profit on the low grade ore which at present is impossible to ship. Another carload of the high grade will be sent to the smelter inside of a few days and regular shipments will follow this one at stated intervals."

## Machinery Arrives for The Jefferson

W. H. McBeth, who with his associates recently purchased the old Jefferson mine property near Round Mountain, yesterday received word of the arrival of three carloads of mining machinery and mill supplies at Battle Mountain. The machinery will be shipped overland to the mine and upon its arrival there a large force of men will be put to work erecting it. The new owners of the property will push operations as fast as possible and it is expected that inside of six months the property will be among the big dividend payers of this state.

## THE STANFORD FACULTY VERY THIN SKINNED

STANFORD UNIVERSITY, Nov. 7.—Seven students, comprising a committee in a farce presented last night, were today indefinitely suspended by the faculty committee on student affairs. Action is due to exceptions taken to posters put out by the junior committee and to the nature of the show itself, which the faculty considered objectionable.

## NOTICE OF FORECLOSURE SALE

Tonopah Lumber Company, a corporation, Plaintiff, vs. Geo. A. Bartlett, and Pearl Bartlett, his wife, Defendants. D. 1908, at 3:00 p. m. of that day, in front of the Court House door of the County of Nye, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interests and costs, etc., to the highest and best bidder, for gold coin of the United States. Dated, October 15th, 1908. J. J. OWENS, Sheriff. By Vall Pittman, Deputy. 11-8 11-15 11-22 11-29.

## More Ore is Coming in From Clifford

Four freight teams, each loaded with ore from the Broken Hills mines at Clifford, arrived in Tonopah last evening. The ore will be sent to the Western Ore Purchasing company at Millers this morning. There are about eighteen men working on the Clifford property at present and inside of a few days more men will be added to the working list. The ore being sent to this city is extracted from some of the minor ledges on the property, and on the big ledge only development work is being done.

## JUDGE O'BRIEN MAY SUCCEED JUDGE LANGAN

Reports received yesterday from Goldfield state that a petition is being widely circulated there among the business men, asking for the appointment of Judge J. P. O'Brien to fill the vacancy in the district court which will be caused when Judge Langan resigns and that district will be divided. Judge O'Brien has a host of friends in the southern city, and when they heard that he was about to be knifed at the Democratic primaries here some months ago, they sent word to Tonopah that if the people of Goldfield did not want him Goldfield did. The petition has on it the signature of nearly every Goldfield resident, and it will be forwarded to Governor Dickerson in a day or two.

## CARPENTERS ARE READY FOR WORK ON GYMNASIUM

It is most gratifying to note the interest taken by the mechanics of Tonopah in the erection of the volunteers' gymnasium. Ten carpenters have, up to this hour, signified their willingness to donate their labor today in answer to the department's call for assistance.

This means much to the boys and it is hoped that at least ten more men skilled in general carpenter work, etc., will answer to the call by 8 o'clock this morning. The building is progressing in a most remarkable manner and there is no doubt but that it will be completed long before the contract time.

Remember, one hour on this job means much to the boys and their organization may mean much to your safety and your joys.

W. D. Forster, traffic manager of the Tonopah and Goldfield railway, leaves this morning for Goldfield on railroad business.
